

# Educator Membership Form

The Portage District Library offers Educator memberships to those who are employed as educators at educational facilities located within the Portage Library District boundaries and do not qualify for resident memberships. The purpose of this membership is to allow educators who live out of district access to library materials and resources that support the education of Portage students. If you are an Educator in the Portage District Library area and would like a library membership, please fill out the following form.

For purposes of this membership, an Educator is defined as a person working at an educational institution within the Portage District Library boundaries whose duties have a direct educational impact on students. This may be verified through digital methods, such as being listed as a Teacher in a school Staff Directory. Other positions may require more information to demonstrate direct educational impact, such as paraprofessionals or KRESA employees.

First Name: \_\_\_\_\_ Middle Initial: \_\_\_\_\_ Last Name: \_\_\_\_\_

Preferred Name: \_\_\_\_\_ Date of Birth: \_\_\_\_\_ Gender: M F X
